

RHS

ATTENDANCE EXPECTATIONS

DID YOU KNOW?

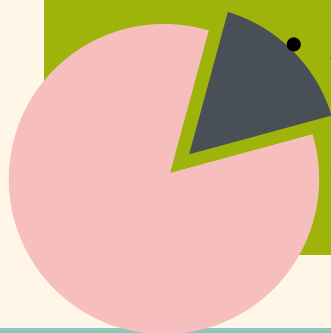

Did you know that on average, RHS students missed 7.7 days of first semester and 16% missed more than 15 days in a specific class during the 2023-2024 school year?!

Did you know that if you are late for class you are marked as tardy, but if you are late after the first 20 minutes you are marked as absent as you will have missed crucial instructional time?!

WHY IS THIS IMPORTANT?

- Attending school regularly will improve your chance of being academically successful and reflects engagement with your learning .
- A habit of good attendance helps you learn the future skills, persistence, and grit required for success in post-secondary environments as well as the workforce.

RHS EXPECTATIONS FOR ABSENCES

5 days missed- Conversation with your teacher about why you have been absent, what is required to catch up, and contact home.

10 days missed- Conversation with your VP, Guidance and Resource team about how we can help and put a plan in action and contact home.

15 days missed- Meeting with your parents/guardians and placed on an attendance contract.

20 days missed- Placed on a complementary assessment status meaning you are welcome in class, but teachers are not required to reteach missed materials. You can still do a final assessment for a chance to pass with a 60%.

HOW CAN I IMPROVE??

- Attend school every day.
- Be on time!
- Stay caught up on work.
- If life has gotten in the way, ask for help, we are here for you!
