

RHS HALL PASS SYSTEM

WHY?

At RHS, we are committed to fostering a safe, respectful, and productive learning environment. The Hall Pass System is designed to support this goal by providing clear expectations for student movement during instructional time.

PURPOSE

The Hall Pass System aims to:

- Ensure student safety by knowing where students are during class time.
- Minimize disruptions to teaching and learning.
- Promote accountability and responsible decision-making.
- Support equity by applying consistent expectations across classrooms.

COLORS

Using color-coded passes helps staff and students quickly identify where a student is permitted to be:

Red - 1st Floor
Green - 2nd Floor
Blue - Trades Area
Yellow - Class Wide Pass

SCHOOL WIDE EXPECTATIONS

This visual system reduces confusion and helps maintain order in shared spaces.

School Wide Classroom Expectations:

1. Sign in and sign out when taking a pass to leave class.
2. Remain on the floor/area that matches your pass color.
3. Return within 5 minutes of leaving.
4. Only one student per class may use a hall pass at a time.
5. No cell phones are permitted outside classrooms during instructional time.

*Please note that students with school-implemented break plans or medical accommodations may be granted exceptions to these expectations, as outlined in their support plans. Gender Neutral bathrooms can be found on the 1st and 2nd floors, as well as in the trades area. *
